Dated: 19th Dec 2024

Dear Teams,

It's only a few sleeps until Santa arrives!

Please find the following (V1) information for Rounds 1 and 2 respectively, it is imperative that you understand (and adhere) to some tight time frames ahead for both rounds 1 & 2 of the 2025 Australian Prototype Series.

We look forward to delivering fantastic opening rounds to the series next year, both event have fantastic media coverage which will highlight what an awesome bunch of competitors we bring to the events.

As always, don't hesitate to get in touch with any details you have questions about, we look forward to seeing you down south in March, then Bathurst over Easter.

Best Regards | APS Management

SHIPPING OF CARS TO TASSIE -- THIS IS IMPORTANT, DEADLINE IS NOW!

It is **imperative that you book NOW** for your transit on the boat. The TT Line (Spirit of Tasmania Ferry) now departs from Geelong and arrives into Devonport in Tassie. Travel from Devonport to the track is approx. 60mins.

Per the schedule detailed above, we are not on track until lunchtime on the Friday of the event. Teams can chose to either travel on the day sail on Thursday 20th or overnight sail on the same day, getting you in early Fri morning.

APS has enlisted the assistance of Rob at Trans Bass Logistics, he can organise the shipping for you but you will need to contact him directly to provide details of day(s) of travel, vehicle dimensions etc.

Rob's details: robert@tblogistics.com.au Or Ph: 0418 122 669. Due to it being peak season on the boat still at that time of year, Rob's advice is to book ASAP.

Freight Equalisation Scheme

There have been some questions around what compensation competitors are eligible for with respect to travel costs. At the time of writing, it is our understanding that the compensation from Tas Govt is based on competitors whom are shipping equipment (tools of trade) related to the activity (race meeting) may be eligible for reimbursement of a portion of your freight bill.
